Patna: Bihar Police appear to be serious about making state citizens shun tobacco with the department in collaboration with Cancer Awareness Society organizing a state-level workshop on Tuesday for its DSP-rank officers on how to effectively implement the Cigarettes and Other Tobacco Products Act (COTPA).

Organizers said the workshop was aimed at sensitizing the police officers to the dangers of tobacco consumption as

City Patna

well as the urgent need to enforce the punitive measures provided for in Sections 4 to 6 of the Act. "Section 4 prohibits smoking in public places, and its violation can invite a penalty of up to Rs200. The onus to ensure the rule is being followed is on the person who is in charge of the place. Found lax, s/he would be fined Rs200 multiplied by the number of offences," special branch DIG told the officers.

Likewise, Section 6 of the Act prohibits sale of tobacco products to minors and also makes it mandatory that there would be no shop selling tobacco products in the radius of 100 yards of educational institutions. The violators will be fined Rs200. Section 5 bans direct or indirect advertisement of tobacco products, and its violation will invite penalty of Rs1000 or imprisonment for two years. If the offence is repeated, the offender would be fined Rs5000 or sentenced to imprisonment for five years.

The workshop was inaugurated by the DGP Abhayanand. Those who addressed the officers included National Tobacco Control Programme director Amal Pushp and state education department's principal secretary Amarjeet Sinha.

CID DIG K K Singh said DSP-rank officers have been nominated in districts as nodal officers of the task force for the purpose. The data would be collected on a monthly basis and discussed in the monthly crime meeting of the district police. The details would be then sent to the home ministry and the state health society.

Pushp hailed the initiative of Bihar Police. "This is probably the first workshop of its kind in the country. This will go a long way in controlling the menace in the state," he said.

Addressing the workshop, Amarjeet Sinha said students should be used to spread the message far and wide. "Very soon, a monthly social fest will be organized in each of the state's 73 thousand primary schools and the children would be made aware of the health hazards caused by the tobacco," he said.

Earlier, eminent surgeon Dr A A Hai made a presentation on the adverse impact tobacco consumption caused to human health.

Galaxy M04 also offers massive 128GB storage, which is expandable up to 1TB. This leaves your phone with enough space to keep creating new memories and store them worry-free. Having additional space on your phone would give you more room to store your favourite music, movies, photos, videos and useful documents; it will also help make the phone operate faster, giving you an edge while downloading apps or navigating through them.

Powerful 5000mAh battery

In the present times, smartphone usage, be it for calling up your friends or colleagues, binge-watching, chatting, using social media or for professional purposes like mailing while you're on the go, takes up a major part of your day. In such scenarios, a long-lasting battery is extremely crucial. That's where Samsung Galaxy M04's huge 5000mAh battery

PATNA. The state cabinet on Tuesday approved the amendment to Bihar Treasury Code, 2011, empowering the treasury officers concerned to pass the detailed contingency (DC) bill before it is sent to the office of accountant general (AG), Bihar.

Principal secretary, cabinet coordination, Ravi Kant said the cabinet also approved the Bihar Mutation Rules to give responsibility to circle officers (COs) for mutation of any land after its registration at the state registry offices. Under the new provision, after registration of land or property, the concerned registry office would send the particulars to the CO concerned for mutation.

The cabinet also gave its nod to the proposal for not charging any registration fee for treatment of pregnant mothers and children of all category under Janani Shishu Suraksha programme within 30 days of their sickness.

It approved the fund to acquire land for construction of three bypass roads. They are Rajgir bypass, measuring 6.49 km to

The officials agreed to reduce the approach funnel from the present 150 metres to 75 metres and immediately prune the trees at the Sanjay Gandhi Biological Park by nine metres. Over 100 trees have been marked for immediate pruning after a fresh survey carried out at the park. The high-rise trees are a major problem for pilots in approaching the funnel, forcing them to apply sudden break to land the aircrafts with a threat to the passengers. A team of the airport officials and the park had carried a survey in April and marked the trees above 25 feet height as A-0 to uproot them.

The airport authorities convinced the Union ministry of environment and forest team from Bhubaneswar that pruning of the tall trees was urgent for the safe landing and full take-off roll of the big aircraft like Airbus 320 and Boeing 737 from the Patna airport.

The major points discussed in the meeting were to conduct a fresh survey of the 2917 trees for pruning within a week, and the airport would be declared unfit for take-off and landing of Airbus 320 and Boeing 737 if the thick vegetation around the airport was not removed. In a survey held in April last, total 3,700 trees had been identified for pruning as well as uprooting, but the move was suspended following the state government's refusal to cut the trees.

An official of the airport said it is not practical to change the airstrip. The standard landing distance available (LDA) at an airport is 1820 metres but at Patna airport it is only 1089 metres, which makes the landing of any big aircraft vulnerable to accident.
